The latest version of this pdf can be downloaded <a href="here">here</a>.

A zip file which includes kml (google earth) and gpx (garmin) files of the sites to be potentially assessed can be downloaded <a href="here">here</a>. Georeferenced pdf maps can be accessed and downloaded <a href="here">here</a>.

### **Accomodations**

Al - Silverthorne RV park is located between Finning and the Sullivan Chevy dealership on the west side of town. The address is 1700 highway 16 but you could also type in Alix place which should bring you to the driveway as well. Contact Lance - 1 604 556 9903 - email: 399hflfibdi8v4u8b70ax17dv3oy@reply.airbnb.com

Kyle - Sunshine Inn Houston. - Contact 250-845-7867, email: <a href="mailto:houson@sunshineinn.ca">houson@sunshineinn.ca</a>

### **Equipment Checklists**

Personal Equipment Checklist	•
GPS	Ski poles
Suncreen	water
Bugspray	food
Polarized glasses	gloves work
Bear Spray	glasses safety
phone/camera	headlamp
battery pack booster for phone	clinometer
Hat	field vest
first aid kit personal	note book
Waders	Extra clothes
Boots	rain gear

Crew Equipment Checklist	•
Hand saw	Measuring board
Linesman Gloves x 3	Scale
Backroads Mapbook	Permits
Locational maps	Fish ID book
Background Documents	Site Cards / Field Guide
radio road	Minnow Traps

# **new graph environment**Environmental Research & Consulting

Field Safety Plan	Flagging
first aid kit level 1	Laptop w/basecamp
First Aid binder stocked	GPS cable
Throw bags	Lazer level
polaski	Assessment cards fish passage
shovel	UAV
fire extinguisher backpack	Flow meter
fire extinguisher pressurized	ATV
Battery booster	bucket rigid x 2
Compressor 12V	bucket foldable
Rubber boots (no-slip soles)	clove oil kit w/ instructions
Oakton Multimeter	gloves leather
Backpack Electrofisher	sharpies
stop nets x 4	hand lens
salt blocks	ATV gas
loose salt	ATV lock
dip nets x 2	UAV battery charger
tape measure hand	wader disinfectant kit
tape measure eslon	GPS batteries
pilon x 2	ATV helmets

## new graph environment

Environmental Research & Consulting

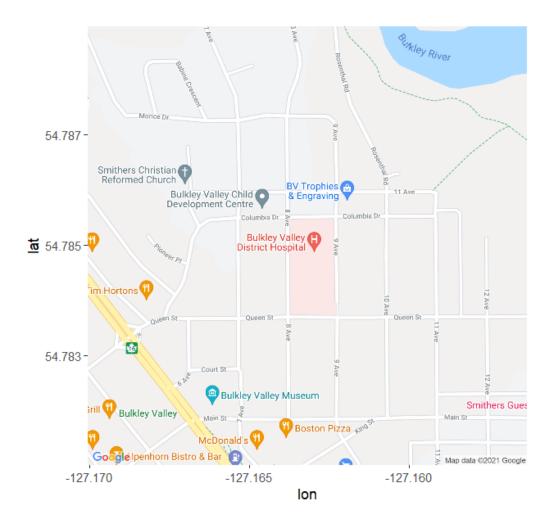

Figure 2: (Smithers) Bulkley Valley District Hospital - 3950 8 Ave, Smithers, BC V0J 2N0 - 250-847-2611

### Field Plan

Field work methods will result in products feeding reporting formats such as the <u>2020 deliverables</u> and will generally follow procedures in:

- fish passage assessments
- habitat confirmations

Presence/absence of fish, species composition/density and distribution limits can be useful for prioritizing which crossings are a best fit for fish passage restoration and help inform follow up

## new graph environment

Environmental Research & Consulting

monitoring so electrofishing and minnowtrapping may be conducted. Standard Fish and Fish Habitat Inventory Standard Field Form <u>site cards</u> are used to gather habitat data.

A summary of sites to be potentially assessed is included as Table  $\underline{2}$  and an overview map of displaying potential sample locations is included as Figure 1.

#### Check In Procedures

Call, text or inreach Tara Stark (2505059854) each morning to share the plan for the day (i.e. name of roads and sites). Check in time is before 7 pm each evening although we regularly check in throughout the day (ex. at arrival to site, 1pm and 4pm) on the inreach or by text and report position/provide updates.

#### Procedures for Failed Check-In - for Check in person

Procedures are summarized in the following Figure. If phone call or inReach check-in is not received by 7pm send text to inreach units, call or text cell phones of field crew members. If no response please call accommodations then personal emergency contacts to see if they have heard anything. Wait 1 hour and text inreach, text or call cell phones and personal emergency contacts and accomodations again. Repeat after 2 hours (9 pm) - if no response then notify the RCMP of a missing persons in field.

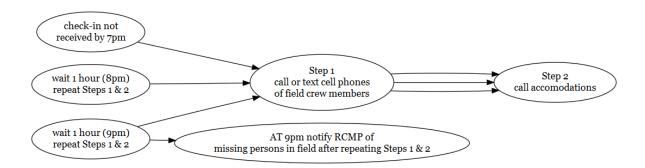

Figure 3: Procedures for failed check-in

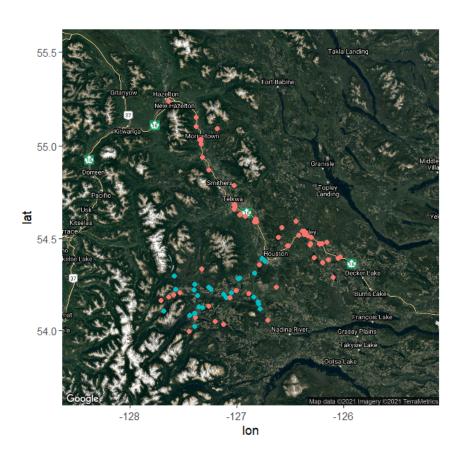

Figure 1. Map of potential sampling areas. High priority sites in red and moderate priority in green.

Table 2: Potential sample locations in the Bulkley River and Morice River watershed groups.
